

SPECIALIST SKIN CANCER DIAGNOSTIC SERVICE

At Southern Sun Pathology, we are focused 100 per cent on skin cancer. Our pathologists have exceptional skin cancer diagnostic skills gained from working exclusively in this field.

BENEFITS for you, the referring doctor

- Pathologists with exceptional skills and experience in the area of diagnostic skin pathology. Our pathologists attend regular professionally accredited courses to keep them updated on new diagnostic techniques.
- Easy access to pathologists, who are available 24 hours a day, seven days a week for consultation.
- State-of-the-art laboratory services, available round-the-clock.
- Guaranteed 24-hour turn around of most biopsy results.
- Immediate communication of all diagnosed melanomas and unusual results.
- Pathology reports tailored to your needs, including advice on management, if required.
- Report delivery tailored to your needs via electronic transfer, fax or, courier.
- Billing of your patients according to your requests.
- Supply of all approved surgical consumables required.
- On-site training in skin cancer diagnosis and biopsy technique, if required.

BENEFITS for your patient

- Principal pathologist Dr Ian Katz and his team have extensive experience in the clinical presentation, management and histopathologic diagnosis of skin cancer.
- Your patients can enjoy peace of mind, in the knowledge that Southern Sun Pathology specialises only in the diagnosis of skin cancer.

WHAT MAKES SOUTHERN SUN PATHOLOGY UNIQUE?

Unlike other pathology laboratories, 100 per cent of our Southern Sun Pathology's team focuses, 100 per cent on skin cancer, and has done so for more than seven years.

We are happy to train you to feel more confident in performing minor skin-cancer procedures such as punch biopsies, curettes, shave biopsies and small excisions. This upskilling will enhance the overall service you provide to your patients.

At Southern Sun Pathology, we believe a Consultant Specialist should offer specific management advice to you, the referring doctor in order to provide your patients with the best medical care.
